NOISE PERMITS

The purpose of this information sheet is to acquaint you with the necessary requirements to obtain a noise permit, which is required under City Ordinance 94-04, if you are having a gathering or some outside activity in which noise will be a factor.

The application may be obtained by contacting the appropriate District Commander at 871-5034. A five (5) business day period is required to process the request. Informing the department of where the event will be held will determine what District Commander will issue the permit.

Please be specific as to what type of noise you have planned, i.e., band, disc jockey, etc. Please keep in mind that the noise permit allows you to have a reasonable level of sound. Any band, disc jockey, etc., that is deemed unreasonable will result in the permit being voided at the scene by the supervisor. It is not recommended that an outside disc jockey or band be utilized in a residential area.

Please keep in mind that any outside loudspeaker system, band, etc., is prohibited between the hours of 11:00 p.m. and 7:00 a.m. Therefore, you should choose the hours carefully.

If you plan to hold a party inside your residence, no need exists for the permit; however, should the party becomes loud, police will ask you – as in any case – to lower the volume. To disregard this warning could result in a citation.

The goal of our department is to allow citizens to have a function but also protect other citizens from being disturbed. We are anxious to work with everyone to ensure your function is a success.

Please contact the District Commanders Office – 871-5034 – if you have questions in this area or write to the following address:

**Port St. Lucie Police Department
